

HOT SPRINGS

VIRGINIA

Welcome to the four-season splendor of the Allegheny Mountains, brimming with year-round recreational offerings. Enjoy the healing springs that have soothed generations of visitors, and a history of hospitality older than the Declaration of Independence. This is Virginia's legendary Homestead.

Like The Homestead®, every resort in the KSL collection is a true American classic, from its distinctive design to its carefree nature. At each you'll find relaxation on a grand scale, with some of the most unforgettable golf, spa and ski experiences in the world.

But our greatest attribute is our people. From the moment you arrive, your every need is attended to with effortless skill and genuine hospitality. It's all part of our commitment to make every aspect of your stay memorable and rewarding.

So rejuvenate in our spring-fed pools, as heads of state and industry leaders have done before you. Golf on championship courses, ride horseback, or try your hand at the time-honored sports of falconry, shooting clays and fly-fishing. Dine on gourmet international cuisine and traditional American fare, all superbly presented. Make your next adventure one for the history books, complete with a warm Homestead welcome.

Welcome

The Homestead is as fresh and appealing today as when our doors first opened to the Virginia countryside in 1766. Within these grand halls lies a promise of world-class renewal – from natural healing springs to 3,000 acres brimming with recreational offerings – surrounded by the breathtaking beauty of our mountain setting.

Twenty-two American presidents are among the generations of guests who have been charmed by The Homestead's distinctive blend of Southern hospitality, rich traditions and legendary diversions. You'll fall under its spell as well. Come to the Homestead. Come home.

Come Play

This is golf as it was meant to be. Where challenge is balanced by pleasure. And where inspired design is matched by a setting of great natural beauty. At The Homestead, the natural contours and rolling valleys of the Allegheny Mountains have given rise to three championship courses, including one of the nation's finest mountain courses and one of its most historic.

Stroll the legendary fairways of the Cascades Course, where Sam Snead launched his career. Draw inspiration from the sparkling Cascades Stream while you play 18 memorable holes on the Lower Cascades. Add your own game to the history of the Old Course as you hit from the nation's oldest tee in continuous use. And finesse your skills with a visit to our renowned Homestead Golf Academy.

Come Renew

Take a moment and let time stand still. Find healing and inspiration in our naturally heated spring-fed pools, as centuries of travelers have done before you. Then indulge in 21st-century pampering in the tranquil surroundings of the renowned Homestead Spa. Menus for women and men alike tempt with an impressive array of treatments both classic and new. And this spa for the ages is designed for *all* ages, with a separate KidSpa catering exclusively to those under 16.

Stay for a moment, a day, or more. Time *will* wait, for as long as you need it to.

Come Explore

Life doesn't hand you many chances like this: 3,000 acres brimming with opportunities for adventure. Hike the spectacular Cascades Gorge. Explore miles of trails on bike or horseback. Challenge a loved one to tennis. Keep your exercise program on track at our fully equipped fitness club. Or, test your marksmanship at one of the nation's top-rated resort shooting clubs. From world-class fly fishing to falconry, the possibilities are endless.

Winter only adds to the fun, with downhill skiing, snowboarding, and ice-skating on our Olympic-sized rink, while indoors, there's bowling and a night at the movies. Set out on a family adventure or let the kids create one of their own at The Homestead KidsClub, our ever-popular children's program, which brings the resort's history to life through hours of supervised fun.

Winter at The Homestead brings a wide range of activities for the whole family – both indoors and out. Enjoy a snow day with outdoor fun and excitement with downhill and cross-country skiing, snowboarding, snow tubing, ice-skating, snowmobile tours and snowshoeing.

If you are a little "rusty" or just beginning, start with a lesson at the Sepp Kober Ski School where our instructors will help you with the basics, or add a little style to your swoosh. Or, just relax in the Mountain Lodge and enjoy the view.

Come Dine

A formal evening of dining and dancing. Casual camaraderie over burgers and billiards. No matter what your pleasure, dining at The Homestead is a tradition all its own. At night, savor award-winning continental cuisine – impeccably presented down to the silver finger bowls and paired with an equally exceptional wine list. Our delicious breakfast buffet, too, is legendary among our guests, and has been known to inspire many a visit to The Homestead.

From the elegance of 1766 Grille to the sporty Sam Sneed's Tavern, an abundance of choices lets you vary your dining experience at every meal. Then again, who could blame you for returning to a treasured favorite time and again?

Come Home

Supreme comfort. Southern elegance and charm. And a history that blends seamlessly with every comfort of modern life. Our guest rooms and suites surround you in thoughtful amenities, from plush robes to luxurious bedding. Cable television, movies, video games and in-room Internet access connect you to the modern world, while traditional furnishings add timeless appeal.

Five spacious, two-bedroom Presidents Suites pay homage to our distinguished visitors from the past and provide today's guests with the ultimate in luxury. Enjoy tea or a cocktail in your own parlor, or settle into a rocking chair on the resort's expansive sitting porch. As you revel in the glorious mountain views, you'll soon come to realize that, somehow, your travels have brought you home.

Welcome to The Homestead. Welcome home.
