SCOTT DALECIO
PRESIDENT & CEO
KSL RESORTS

The KSL Resorts Collection.

Grand hotels rich in history. Classic destination resorts. Intimate mountain retreats. And splendid settings that range from desert foothills to ocean's edge. This is KSL Resorts, a collection

that blends the romance of yesterday with today's relaxed sensibilities for an entirely new resort experience. Distinguishing all of our resorts are world-class golf, spa and ski experiences. And a warmth that will set you completely at ease.

Services for today's traveler.

Our classic appeals are balanced by 21st-century savvy. Well-appointed guest rooms offer every modern comfort, including high-speed Internet access. Suites outfitted with flat-screen

televisions put state-of-the-art entertainment at your fingertips. And wireless hotspots throughout the resorts connect you to home and office – even while you relax by the pool.

Golf at its best.

At KSL Resorts, you'll play in the footsteps of the sport's great legends. Our PGA championship courses boast some of the most scenic and challenging holes you'll find any-

where. Designed by masters of the game, they take full advantage of the surrounding landscape and are routinely in the spotlight as hosts of prestigious tournaments. Why not enjoy a little competition of your own?

Spas that inspire.

Our world-class spas are sanctuaries for a new century, weaving ancient healing arts with the latest mind-body principles. As luxurious as they are serene, they draw inspiration from

their surroundings for a spa experience like no other. Indulge in private pampering, share a spa treatment for two, or try The Salon at La Costa for a refreshed look.

Dining to excite the palate.

At KSL Resorts, dining is an experience to savor. Our signature restaurants showcase the best of the local harvest in inspired menus matched by equally inspired settings, from

elegant dining rooms with spectacular views to lively patios warmed by crackling fire pits. And for a nightcap, there are stylish lounges for classic cocktails and sporty bars for a fine local brew.

Meetings mastered.

State-of-the-art function space. Expert conference and catering services. Natural settings so stimulating that coffee breaks might just be superfluous. This winning combination sets

the stage for meetings that are second to none. And when business adjourns, all the pleasures of our resorts await to help you unwind, enjoy, and recharge for a new day.

Hotel del Coronado

It's a romance for the ages. Since 1888, this legendary seaside resort has captured the hearts of travelers, who affectionately call her "The Del." She has courted Hollywood and royalty, and sparked many a storied love affair. Rising in Victorian splendor above the shore of San Diego's picturesque Coronado Island, this National Historic Landmark unveiled over \$150 million in luxury enhancements in 2007. Renovated guest rooms and suites in the contemporary California Cabanas and in the Ocean Towers reflect the casual elegance of the resort's beachside location. The Del offers endless options for recreation, dining, entertaining and shopping. Lavish Sunday Brunch? Sure, but not before you catch a wave or two.

La Costa Resort and Spa

Strolling the sun-splashed plaza, you stop to consider the quaint shops across the way. Surrounding you are the rolling coastal hills of Carlsbad. Above you, a rustic iron bell marks the hour with its distinctive peal.

La Costa Resort and Spa brings the spirit of a Spanish Colonial village to life in white adobe walls topped by red-clay roofs. In brightly painted tiles adorning pathways. And in magnificent fountains, whose tops glow with firelight after sundown. Yet, since it opened in 1965 as the first American resort with a full-service spa, La Costa has never stopped looking forward. Somewhere outside conscious thought, you appreciate that. But for now, all that matters is this one perfect moment.

The Homestead

Steeped in a history older than our nation. Legendary for its hot springs and for the distinctive Southern hospitality that has charmed princes, presidents, and generations of distinguished guests. Timeless in its luxury, comforts, and outdoor appeals. Ten years before America declared independence, a grand resort opened in the Allegheny Mountains of Virginia. Today, The Homestead still presides over the countryside, offering year-round recreational delights from championship golf, horseback riding, and skiing to the genteel traditions of sporting clays, falconry, and fly fishing. And at its renowned spa, you can “take the waters” in soothing pools fed by crystal-clear natural springs, continuing a tradition begun centuries ago.

Vail Mountain Lodge & Spa

You hear it: the *swoosh* of skis through powder as you speed down Vail's legendary trails. The *whack* of the driver connecting with the golf ball, sending it soaring off the tee. Laughter drifting from the shops, restaurants, and nightclubs of Vail Village, well into the night. It's a powerful call, to be sure, that's luring you outside, but can it overcome the enticements within?

Here, a king-sized bed tempts with layers of downy comfort – all plumped to perfection. Heated floors warm your heart along with your toes. Soft candlelight sets the mood for a pampering massage. And world-class dining overlooks world-class views of Gore Creek. Outside can wait.
